### **REASONS FOR ALLOWANCE**

---

The following is an examiner's statement of reasons for allowance:

Claims 1-13 are allowed as amended, over reasons given by applicants with amendment dated 04/21/2003 and the prior art of record that neither teaches nor suggestive of the limitation of the instant claims by the applicants.

The closest prior art of record by Goto et al (US # 5,815,063) does not teach or suggestive of the limitation of a mean particle size of less than 1.0 micron for thermistor material and having a mean sintered particle size of the sintered body of 3-20 microns and any such inherency could not be established with reasonable degree of certainty.

The terminal disclaimer filed on 06/25/2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Application Serial No 09/924,596 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
